1251
Karatay Madrasah

Commissioned in 1251 by Emir Celâleddin Karatay, a prominent statesman of the Anatolian Seljuk Empire, the Karatay Madrasah provided continuous education for 663 years until 1914. This makes it one of the earliest foundation-based higher education institutions in Anatolia.

1882
Konya Chamber of Commerce (KTO)

Founded in 1882, the Konya Chamber of Commerce is one of the oldest chambers of commerce in Türkiye.

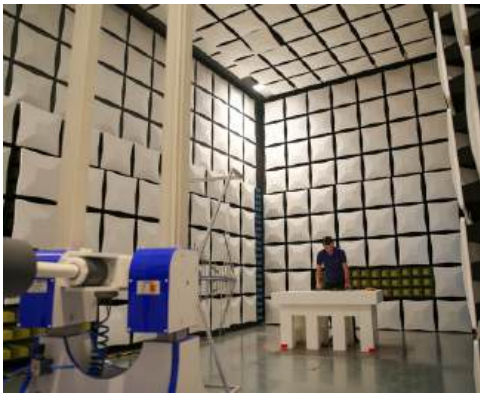

2009
KTO Karatay University

The Karatay Madrasah halted its educational activities after enrolling all of its students into military service during the Çanakkale War In 2009, it was revived as KTO Karatay University by the KTO Education and Health Foundation, under the auspices of the Konya Chamber of Commerce.

Cutting-Edge Research & Technology Infrastructure

KTO Karatay University stands out with its modern workshops and state-of-the-art laboratories that actively support research and development (R&D) endeavors.

A University in the Heart of the City

Located in the city center, KTO Karatay University provides students with exceptional accessibility and seamless transportation options.

Vibrant Campus Life

From sports facilities and rich libraries to lively social spaces and cultural events, KTO Karatay University offers a dynamic campus environment designed for holistic student growth.

Multilingual Education: 8 Foreign Languages

Alongside standard English instruction, KTO Karatay University empowers students to learn a second foreign language by offering German, French, Arabic, Russian, Persian, Japanese, and Spanish as elective courses.

Strong Academic Staff

KTO Karatay University features a distinguished faculty of approximately 350 academics who are accomplished leaders in their respective fields.

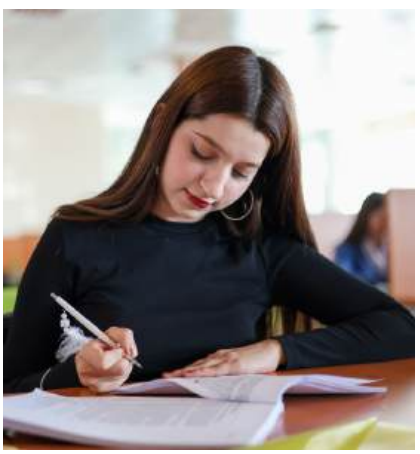

A Chamber University

Backed by the Konya Chamber of Commerce, KTO Karatay University seamlessly bridges academic learning with the corporate world. Students benefit directly from industry mentorship on their projects and gain invaluable real-world experience through internships across an extensive network of member companies.

Practice-Intensive Education

Emphasizing applied research and practical learning, KTO Karatay University empowers students to conduct meaningful scientific studies and produce high-impact research. By driving technology-focused projects, our students cultivate the exact skill sets required by today's evolving industries.

Why KTO Karatay?

Study Abroad Opportunities

More Info

Erasmus+

ERASMUS+ PROGRAM

Thanks to the Erasmus+ program, KTO Karatay students can continue their education in various countries of the European Union for periods ranging from one semester to one year. Within the scope of our university's Erasmus+ agreements, our students can engage in learning mobility at higher education institutions in many countries, from Italy to Spain and from Portugal to Germany.

IAESTE INTERNSHIP PROGRAM

Through the IAESTE program, which provides international internship opportunities primarily in engineering fields, KTO Karatay students not only develop themselves but also discover different countries and cultures.

Success is in our DNA

TÜBİTAK 2209-A/B'DE GURUR TABLOSU

KTO Karatay University, which supports a student-oriented research culture, continues to encourage students to engage in scientific production. **102 projects** prepared by our students were eligible for support within the scope of the TÜBİTAK 2209-A/B University Students Research Projects Support Program.

ALWAYS AT THE FOREFRONT WITH ITS INTERNATIONAL ACHIEVEMENTS

According to the results of the SCImago University Rankings 2026 published by SCImago Laboratories, KTO Karatay University ranked 6th among the foundation universities in Türkiye in the Research category. Additionally, it was also among the top 20 foundation universities in the overall ranking. These results are among the key indicators demonstrating our university's scientific research capacity, high-quality academic output, and competitiveness at the international level.

	Among Foundation Universities	Among All Universities
RESEARCH	6th	23rd
ENERGY	11th	75th
PHYSICS AND ASTRONOMY	12th	65th
SOCIAL SCIENCES	17th	75th
OVERALL RANKING	20th	78th
MEDICINE	22nd	102nd

ADVANCED PERFORMANCE FROM KTO KARATAY AT TUMA 2026

According to the results of the Turkish University Satisfaction Survey (TUMA) 2026, conducted by the University Research Laboratory (UniAr), our university ranked 5th among foundation universities in the Central Anatolia Region, 11th among all universities in Central Anatolia, 21st among foundation universities in Türkiye, and 41st among all universities in Türkiye.

THE RISING STAR OF TEKNOFEST

KTO Karatay University continues to consolidate its strong position in technology and innovation with its achievements at TEKNOFEST, Türkiye's largest aviation, space, and technology festival. To date, our students have achieved significant success in various fields of technology through TEKNOFEST competitions, receiving first, second, and third-place awards along with finalist positions and various special awards. These achievements, attained through academic advisory support, a practice-oriented educational approach, and a culture of project development, stand out as concrete indicators of KTO Karatay University's research, development, and innovation ecosystem.

TRENTAR Takımı

Spread Your Wings to Your Dreams

KTO Karatay University offers a practice-oriented approach to aviation education with its airfield and aircraft fleet. Standing out with its strategic investments in the field of aviation, strong academic staff, and vision for training qualified human resources, our university provides the Department of Pilot Training students with a comprehensive flight training opportunity at the airfield located approximately 30 minutes away from the main campus.

Airpark Facilities

The training programs conducted within the Flight Academy of our university are supported by infrastructure compatible with international standards, an experienced team of instructors, and modern educational technologies. The airfield includes a **1.500-meter asphalt runway**, **a 1.200-meter grass runway**, **a 1.500-meter taxiway**, hangars, and social facilities, enabling students to experience real aviation operations. With **12 training** aircraft, **1 tug aircraft**, **2 gliders**, **1 motor glider**, and advanced simulation systems in the Pilot Training Department's flight fleet, our students develop their professional competencies by putting their theoretical knowledge into practice.

CAREER FAIR'26

The “Career Fair” held at KTO Karatay University is one of the major career events that brings our students together with the business world. Thanks to the fair held annually, our students have opportunities to meet with companies one-on-one, explore job and internship opportunities, gain professional interview experience, and expand their career networks before graduation. The Career Fair, which offers the opportunity to communicate directly with the leading representatives of the sector, helps our students make a better equipped and confident start in business life.

Always to The Top in **Sports**

KTO Karatay students continue to make a difference in sports as well as in their academic achievements. Our students who take part in university teams in football, basketball, volleyball, futsal, table tennis, cycling, tennis, arm wrestling, traditional archery, e-sports, and many other disciplines continue to write new success stories through their determination, team spirit, and competitive drive. In this regard, our students successfully represent our university with the achievements they attain in events organized by the Turkish University Sports Federation (TUSF). At the UNILIG Muay Thai Championship, our student Furkan Tuzlu finished as the runner-up in Türkiye, while our student Saliha Köroğlu won the championship and a gold medal with her outstanding performance at the TUSF Kickboxing Tournament.

Cultural Life

More Info

At KTO Karatay University, university life is a versatile development journey that extends beyond the classroom. Thanks to student clubs, sports activities, cultural events, and social organizations, our students acquire new skills, explore their interests, and enjoy unforgettable university experiences.

WELCOME TO CAMPUS FEST

Students of KTO Karatay University are always welcomed warmly on campus. The Campus Fest, which introduces new KTO Karatay students to the university with great enthusiasm, is an unforgettable event where academics and students come together, music and entertainment reach their peak, and many surprises are offered through competitions and prize draws.

SPORTS SUMMIT ‘26

At KTO Karatay University, we organize events that focus on the unifying power of sports and contribute to our students’ personal and professional development. Organized with this vision, the Sports Summit ’26 brings together sports administrators, national athletes, academics, healthcare professionals, and legal experts with our students, contributing to the development of sports culture by exploring the various dimensions of sports—from management to health, and from careers to law.

CULTURE & SPORTS FESTIVALS

During the spring festivals hosted by KTO Karatay University, participants enjoy a wide range of activities including talks, workshops, competitions, sports events, e-sports tournaments, and stand-up performances. In these spring festivals—where learning and entertainment come together—popular artists perform their songs for KTO Karatay students, creating

Birçok bölümde geçerli çift anadal fırsatlarıyla KTO Karatay Üniversitesi'nde iki diplomayla birden mezun olmak mümkündür.

It is possible to graduate with two diplomas from KTO Karatay University with double major opportunities valid in many departments.

Requirements for the Double Major Program:

- Having a GPA of at least 2.75 out of 4.00
- Passing all courses in the main major program before applying to the ÇAP
- Being in the top 20% slice in terms of success ranking in the relevant class
- Applying at the earliest at the beginning of the third semester and at the latest at the beginning of the fifth semester in undergraduate (4-year) programs
- Applying at the earliest at the beginning of the second semester and at the latest at the beginning of the third

(1) The success ranking condition specified in the relevant YKS Guide is required in the departments of the Faculty of Engineering and Natural Sciences and the Department of Architecture.

(2) The medium of instruction is 100% English. The English Preparatory Program is compulsory / English proficiency condition is required.

(3) The medium of instruction is Turkish. The Arabic Preparatory Program is compulsory / Arabic proficiency condition is required.

(4) The condition of passing the visual perception exam to be held by the Department of Graphic Design of the Faculty of Fine Arts and Design is required.

The double major program is free of charge during the normal education period of the main major program. However, after graduating from the main major program or in case of exceeding the normal education period in the main major program, a fee is charged based on the scholarship and discount rate in the main major.
